

Houston County High School Men's Soccer 2012 Roster

Name Number/Class	Position	Comments
Braden Anderson 17 Junior	Defensive Back	Has played solid at outside back. Likes to get forward. Has had his best moments in the second half of the big win at Lowndes
Drew Behrman 4 Junior	Defensive Back, Striker	Hard to assign Drew a position because he can play all over the field and be effective. Has a knack for getting the ball into an area that will help his team score.
Dylan Baughman 8 Senior	Center Back	Dylan is the key to our defense. He never gets ruffled and makes excellent decisions with the ball at his feet. He is very dangerous when attacking out of the back.
Ryan Berje 19 Senior	Defensive Back	Ryan has been hampered by injury, but had his best minutes in the recent win at Northside. Ryan tackles hard and will catch up to the speed of the game quickly.
Conner Bradshaw 5 Senior	Defensive Back	Conner has given us valuable minutes in every game so far, probably playing his best in the big game at Lowndes. No one out "efforts" Conner!
Patrick Braxton 22 Senior	Striker	Patrick is energy and the team feeds off of him. His speed on the outside makes him constantly dangerous as evidenced by the "Hat Trick" at Northside.
Will Cowart 2 Junior	Defensive Back, Midfielder	Will has given us very solid time coming off the bench at both Midfield and DB positions. He uses his tall frame well and is deceptively strong on the ball and winning tackles.
Dylan Krimmer 3 Junior	Defensive Back, Midfielder,	Dylan had a "breakout" performance against Northside, when he seemed to be "everywhere" we needed him. With play like that he will definitely be earning more and more time on the pitch in future games!
Colin Little 10 Junior	Center Midfielder	Colin is the coach on the field that makes the whole thing run! The typical unselfish center-mid, he doesn't care who get's the credit as long as the team wins. His ability to see the field and make the simple play, while constantly directing players to the right spot is exceptional. He may have been the best player on the field at Lowndes!
Everick Little 13 Junior	Center Midfielder	Everick is the perfect partner to Colin in the center of the field. His quiet leadership makes him the player that others are constantly looking for on the field. Everick has deceptive speed, as he seems to glide on the field, beating the other team to loose balls. He is the best passer on a team filled with very good ones, and it is his ability to "put the ball on the lead foot" of an attacker that makes us always dangerous.
Josh Manion 7 Senior	Striker	Josh has upped his game. He provides excellent minutes in the attack and registered his first career goal at Perry! Josh's strength lies in his hard work and he has been dangerous in every game following up loose balls in the scoring box.
Ezequiel Morales 9 Junior	Center Back	"EZ" is the perfect name for him because that is what he does in the back of our defense. He makes everything look "easy". Rarely, out of position and always there to cover for others if someone else gets "caught" forward. EZ's presence in the back relieves pressure and allows the team to stay on the attack, without fear of the counter attack by the other team.
Juan Morales 11 Senior	Center Midfielder	Juan has some of the "sweetest feet" on the team. Juan is super strong on the ball and we need to keep him healthy because he is a "game-changer" when on the field. He has excellent patience in the attack and rarely loses the ball.
Timothy O'Donnell 23 Senior	Striker	Speed to burn on the outside, Tim seems to always be dangerous and puts constant pressure on the defense. He makes constant runs and is a nuisance to opposing defenders. All that hard work paid off at Northside as he notched a "Hat Trick".
Tanner Philips 16 Junior	Striker	More speed in the outside attack, Tanner also brings with him a toughness that punishes the other teams defenders. He is the ultimate "12th" man coming off the bench! There is no "drop off" when Tanner enters any game as he shares minutes up top pretty equally. Fresh legs off the bench is always important, and when those legs are as talented as Tanner's, the defense has another talent to worry about.
Stephen Robertson 1 GK	Goalie	Stephen is a tall keeper with a great feel for the box. Even with all of his size and his excellent hands, his best attribute has been his ability to "stay in the game" while his teammates dominate possession. The 1v1 save against Northside right before the half was an excellent example of being ready when called upon! He always seems to stay connected to his defense through his constant communication.

Samuel Valdivia 18 Senior	Defensive Back	Sammy has sacrificed his natural position in the attacking third to make excellent contributions at outside back. He has the ability to get forward and he serves the ball into the box better than anyone on the team.
Andrew Weber 14 Junior	Striker	The offense moves in the attacking third off of Andrew's feet. His ability to score is obvious, as he leads the team in goals, but it is also his ability to check back to the ball and distribute to his teammates, that makes him so dangerous. He has scored the first goal in 3 of our 4 games this year.
Jonathan Scruggs 6 Freshman	Center Midfielder	Jonathan stepped in on the biggest stage - at Lowndes with Everick not available - and gave us extremely valuable minutes in the center-midfield. As he continues to grow and becomes more comfortable, he will be an essential part of this team.

News and Notes:

-The Houston County Boys are currently 4-0-0 and have never been down or losing at any moment this season

-The HOCO boys have won by a combined score of 27-1 this season...that equates to the Bears winning by an average score of 6.75-0.25

-Andrew, Patrick and Tim have all posted a hat trick this season. Andrew's came in the first half against Perry, while Patrick's and Tim's came against Northside.

-Unfortunately, the Bears had a bit of bad luck as Freshman Will Pospisil fractured his tibia in his first ever home game and he will be out the remainder of the year. Please keep him in your thoughts.
